**Economic impact based on 2024 data applied to the Regional Input-Output Modeling System II developed by the U.S. Bureau of Economic Analysis.

Building Healthier Communities

Our Community Investment Fund

At Endeavor Health, we understand that meeting the health needs of those we serve doesn't stop at our doors – it extends into the homes, schools and public spaces that make up our vibrant communities.

Our Community Investment Fund strategically allocates resources to support local initiatives, partnerships and non-profits that focus on local wellbeing, health equity, economic security and access to care.

Our role isn't limited to financial support; we also serve as a convener for community organizations, fostering a collaborative environment where the collective impact of our partnerships is greater than the sum of their parts.
