BECKER'S
HOSPITAL REVIEW

36 hospitals and health systems
with great psychiatry and
mental health programs

Special Designations

Specialty programs for Eating Disorders, Substance Use, Geriatrics, Anxiety, Adolescents and Bipolar.

- Linden Oaks Hospital offers behavioral and mental health services, including inpatient and outpatient treatment plus recovery programs for depression, substance abuse, eating disorders and more.
- Linden Oaks has over 20 therapists and psychologists co-embedded within primary care and specialty clinics throughout Endeavor Health's South Region to integrate physical and mental health care and better support our patients. Emergency departments and medical floors are also supported with Linden Oaks liaisons.
- A dedicated help line (630-305-5027) triages over 6,000 calls a month from individuals seeking services.
- Seven outpatient locations in Naperville, Plainfield, St. Charles, Woodridge, Hinsdale, Addison and Mokena.

Endeavor Health is now a member of the **Healthcare Anchor Network**, a collaborative of hospital systems committed to increase local, inclusive hiring; local, inclusive procurement and other strategies that mutually benefit the communities we serve and the health of our patients.

Linden Oaks Hospital

Endeavor Health Linden Oaks Hospital is committed to fulfilling our mission of helping everyone in our communities be their best and as a non-profit providing invaluable charitable and community services for those we are privileged to serve.

2023 Total
Linden Oaks Hospital
Community Benefit

\$13.4M

Our hospital is an economic engine for the local economy:

- Nearly **\$61.1 million** contributed by Linden Oaks Hospital to the local economy through payroll, capital and other expenses.*
- More than **1,100 direct and indirect full-time jobs**, including 460+ directly at Linden Oaks, many of whom live, shop, spend and volunteer in the local community.*

*Economic impact based on 2022 data applied to the Regional Input-Output Modeling System II developed by the U.S. Bureau of Economic Analysis.

Additional Community Programs

- Linden Oaks Behavioral Health holds monthly Mental Health First Aid (MHFA) training for community members, educators/school administrators, not-for-profits and corporations. The goal of this training is to make responding to a mental health crisis as common as using CPR in a cardiac emergency. MHFA is an evidenced-based public education program that teaches people how to help someone with a mental health problem or crisis. Training focuses on skills that can be used until professional help is available and teaches participants to identify people who may need help with a mental illness and how to effectively communicate with them and guide them to appropriate professional health. Since 2011, Linden Oaks has trained more than 14,000 people to administer MHFA.
- Staff from Haymarket Center, a substance abuse treatment organization, are integrated within Endeavor Health Emergency Department and inpatient settings during daytime hours to respond to referrals from the Endeavor Health Behavioral Health Crisis teams & The Linden Oaks Assessment and Referral Center. This innovative collaboration provides peer support along with follow up resources and referrals as needed for Medicaid and uninsured patients who present with substance use disorders.

Community Investment Fund

The Community Investment Fund is a dedicated resource aimed at fostering health and wellness, addressing social determinants of health and creating equitable access to quality healthcare within our community. By strategically allocating these funds, we support local initiatives, partnerships and non-profit organizations that respond to priority community health needs. In addition to financial support, we serve as a convener for community organizations, fostering a collaborative environment where the collective impact of our partnerships is greater than the sum of their parts.
